

AFTER THE ACCIDENT

Call Us Immediately

The time right after the accident can be vital to your claim. As time passes, the more likely evidence will get lost and witnesses' memories will fade. Also, there are deadlines for making claims. Delay can cost you money!

See A Doctor Immediately

Even if you feel fine still see a doctor, as some injuries are not readily apparent.

Do Not Talk To The Other Side's Insurer Without Consulting Us

You are not legally required to speak to the other insurance company.

Do Not Sign Anything Without Consulting Us

You could mistakenly sign something that significantly lowers your recovery.

Call Us Even If You Think You Were Partly At Fault

We may still be able to get you a recovery.

You Need A Lawyer's Help

Insurance adjusters work for the insurance company. Their job is to pay you as little as possible. We work for you.
